Operational Discipline and Guidance Policy

This form provides the required information per 26 Texas Administrative Code (TAC) minimum standards Sections 744.501(7), 746.501(a)(7), and 747.501(5).

Directions: Parents will review this policy when enrolling their child. Employees, household members and volunteers will review this policy at orientation. A copy of the policy is provided in the operational policies.

Section 1 – Discipline and Guidance Policy

Discipline must be:

- 1) individualized and consistent for each child;
- 2) appropriate to the child's level of understanding; and
- 3) directed toward teaching the child acceptable behavior and self-control.

A caregiver may only use positive methods of discipline and guidance that encourage self-esteem, self-control and self-direction, which include at least the following:

- 1) using praise and encouragement of good behavior instead of focusing only on unacceptable behavior;
- 2) reminding a child of behavior expectations daily by using clear, positive statements;
- 3) redirecting behavior using positive statements; and
- 4) using brief supervised separation or time out from the group, when appropriate for the child's age and development, which is limited to no more than one minute per year of the child's age.

There must be no harsh, cruel or unusual treatment of any child. The following types of discipline and guidance are prohibited:

- 1) corporal punishment or threats of corporal punishment;
- 2) punishment associated with food, naps or toilet training;
- 3) grabbing or pulling a child;
- 4) putting anything in or on a child's mouth;
- 5) humiliating, ridiculing, rejecting or yelling at a child;
- 6) subjecting a child to harsh, abusive or profane language;
- 7) placing a child in a locked or dark room, bathroom or closet;
- 8) placing a child in a restrictive device for time out;
- 9) withholding active play or keeping a child inside as a consequence for behavior, unless the child is exhibiting behavior during active play that requires a brief supervised separation or time out that is consistent with 746.2803(4)(D); and
- 10) requiring a child to remain silent or inactive for inappropriately long periods of time for the child's age.

Section 2 – Additional Discipline and Guidance Measures

Only applies to Before or After School Program (BAP) or School Age Program (SAP) that operates under 26 TAC Chapter 744.

A program must take the following steps if it uses disciplinary measures for teaching a skill, talent, ability, expertise or proficiency:

- make sure the measures are considered commonly accepted teaching or training techniques;
- describe the training and disciplinary measures in writing to parents and employees and include the following information:
 - (A) the disciplinary measures that may be used, such as physical exercise or sparring used in martial arts programs;
 - (B) what behaviors would warrant the use of these measures; and
 - (C) the maximum amount of time the measures would be imposed;
- inform parents that they have the right to ask for more information; and
- make sure that the disciplinary measures used are not considered abuse, neglect or exploitation as specified in Texas Family Code Section 261.001.

Operational Policy on Infant Safe Sleep

This form provides the required information per minimum standards Sections 746.501(9) and 747.501(6) for the safe sleep policy.

Directions: Parents will review this policy upon enrolling their infant at Family Gatherings and a copy of the policy is provided in the parent handbook. Parents can review information on safe sleep and reducing the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death (SIDS/SUIDS) at: <http://www.healthychildren.org/English/ages-stages/baby/sleep/Pages/A-Parents-Guide-to-Safe-Sleep.aspx>

Safe Sleep Policy

All staff, substitute staff, and volunteers at Family Gatherings will follow these safe sleep recommendations of the American Academy of Pediatrics (AAP) and the Consumer Product Safety Commission (CPSC) for infants to reduce the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death Syndrome (SIDS/SUIDS):

- Always put infants to sleep on their backs unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [Sections 746.2427 and 747.2327].
- Place infants on a firm mattress, with a tight-fitting sheet, in a crib that meets the CPSC federal requirements for full-size cribs and for non full-size cribs [Sections 746.2409 and 747.2309].
- For infants who are younger than 12 months old, cribs play yards should be bare except for a tight-fitting sheet and a mattress cover or protector. Items that should not be placed in a crib or play yard include: soft or loose bedding, such as blankets, quilts or comforters; pillows; stuffed toys and animals; soft objects; bumper pads; liners; or sleep positioning devices [Sections 746.2415(b) and 747.2315(b)]. Also, infants must not have their heads, faces or cribs covered at any time by items such as blankets, linens, or clothing [Sections 746.2429 and 747.2329].
- Do not use sleep positioning devices, such as wedges or infant positioners. The AAP has found no evidence that these devices are safe. Their use may increase the risk of suffocation [Sections 746.2415(b) and 747.2315(b)].
- Ensure that sleeping areas are ventilated and at a temperature that is comfortable for a lightly clothed adult [Sections 746.3407(10) and 747.3203(10)].
- If an infant needs extra warmth, use sleep clothing Sleepers, Footed pajamas (insert type of sleep clothing that will be used, such as sleepers or footed pajamas) as an alternative to blankets [Sections 746.2415(b) and 747.2315(b)].
- Place only one infant in a crib to sleep [Sections 746.2405 and 747.2305].
- Infants may use a pacifier during sleep. But the pacifier must not be attached to a stuffed animal [Sections 746.2415(b) and 747.2315(b)] or the infant's clothing by a string, cord or other attaching mechanism that might be a suffocation or strangulation risk [Sections 746.2401(6) and 747.2315(b)].
- If the infant falls asleep in a restrictive device other than a crib (such as a bouncy chair or swing or arrives to care asleep in a car seat), move the infant to a crib immediately, unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [Sections 746.2426 and 747.2326].
- Our child care program is smoke-free. Smoking is not allowed in Texas child care operations (this includes e-cigarettes and any type of vaporizers) [Sections 746.3703(d) and 747.3503(d)].
- Actively observe sleeping infants by sight and sound [Sections 746.2403 and 747.2303].
- If an infant can roll back and forth from front to back, place the infant on the infant's back for sleep and allow the infant to assume a preferred sleep position [Sections 746.2427 and 747.2327].
- Awake infants will have supervised "tummy time" several times daily. This will help them strengthen their muscles and develop normally [Sections 746.2427 and 747.2327].
- Do not swaddle an infant for sleep or rest unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [Sections 746.2428 and 747.2328].
